#### **Renovation and Restoration**

At Spencer and Peyton we are frequently asked for estimates to repair, clean or completely restore a memorial. An example of this work can be seen on the back page of out stone brochure. As each memorial is individual and requires different levels of restoration please ask our stonemasons for a bespoke quotation with no obligation.

Many of our clients also tell us that due to various reasons they do not always find it possible to tend the grave of a loved one as they would like.

So once a memorial has been restored to its former glory or from when the memorial has been placed on site, or if your memorial is in good condition but needs a little TLC, please contact us for a free estimate.

#### **Grave Tending**

We also have many years of experience in both grave maintenance and tending, and offer this service within Basingstoke and the surrounding area.

#### A grave tending visit includes:

- ♦ Cleaning the memorial
- Cleaning all memorial pots
- Removing all dead foliage
- ♦ Pruning shrubs and a general tidy
- Cutting and trimming the edges of grass
- Placing seasonal flowers in existing vase (Optional)
- Supplying a before and after photo

#### **Pricing**

- ♦ 1 visit per year £88.00
- ♦ 2 visits per year £150.00
- ♦ 4 visits per year £255.00
- ♦ 12 visits per year £659500
- ♦ Christmas visit with placement of holly wreath

(All the above prices are NOT inclusive of VAT—Please add on 20%)
