Non-Emergency Ambulance Transportation

Millcreek Paramedic Service provides non-emergency ambulance transportation within a 150-mile radius of Erie, PA. We will bill your insurance for services and your Millcreek Paramedic Service membership will cover up to $125 of any out-of-pocket expense that you may incur, as long as the service is deemed medically necessary under CMS guidelines.

Does Medicare or my insurance pay for an ambulance?

Medicare pays less than half of the total cost of your transport. Most Medicare Advantage Plans have co-payments for ambulance service. Commercial insurance plans vary on reimbursement rates but most often do not cover the entire cost of transport and/or leave co-payments or deductibles for service. By purchasing a Millcreek Paramedic Service membership, you can save on some of the out-of-pocket expenses incurred by utilizing ambulance transportation.

Excluded Services:

A Millcreek Paramedic Service membership covers only those expenses where a patient is transported. If no transport occurs, no membership benefit is available. Membership only covers transportation when transported in a Millcreek Paramedic Service ambulance.
