

CENTRA LUX

A CLEAN HOME IS A HEALTHY HOME™

The Centra Lux, our complete central vacuum system, is a convenient solution to household pollution. Installed in either a basement or garage, the main power unit can be linked to inlets in any room or hallway. Dirt and debris are carried out of the home to the main unit, unable to reenter your home's air. The canister contains a filter that captures 99.97% of pollutants as small as 0.3 microns, operating at HEPA standards. Cyclonic suction prevents clogs and ensures consistent, powerful airflow for better suction. Plus, installing a Centra Lux is considered a permanent improvement that actually adds to the value of your home.

Cleaner Air

A HEPA Filter Bag traps 99.97% of contaminants as small as 0.3 microns, performing at levels equal to HEPA standards.

Ease of Use

Simply insert the flexible, lightweight Power Hose directly into the unit or into any installed inlet and flip the control switch located conveniently on the handle.

Quiet Operation

Noise is virtually eliminated with the main unit hidden in the basement or garage. Optional Muffler available.

Convenience

Inlets can be installed in any room or hallway, covering up to 10,000 sq. ft. when properly installed.

Strong Suction

The powerful Motor offers more than twice the suction power of most portable vacuum cleaners.

Easy Installation

The Centra Lux is a compact whole-home vacuum system that can be installed in any size existing homes or homes under construction.

Low Maintenance

The powder-coated steel, 7-gallon rustproof Tank holds a HEPA Filter Bag that only needs replacing once every season.

Motor Protection

To reduce motor wear, the Centra Lux Central Vacuum System is equipped with a "No Filter Lock-Out Feature" that prevents the motor from operating without a filter installed.

Easy Access Storage

Each Accessory Kit includes an Accessory Holder that can be mounted on the wall to provide convenient storage for all your accessories.

Blockage Protection

When a blockage occurs, an Indicator Light flashes red and the Motor stops running to keep the system from overheating.

No Worries

A 5-year limited warranty protects your investment.

ASSORTMENT OF DELUXE ACCESSORIES

(DELUXE KIT: 49478 SOLD SEPARATELY)

35' SuperLux Hose with On/Off Switch

Flexible and lightweight hose works with the conventional inlets. Simply insert the hose end into any installed inlet and flip the control switch located conveniently on the handle.

Deluxe Wands

Interlocking electric Wands feature handle controls for fingertip access.

Power Nozzle with Headlight

Clean around table and chair legs easily with the unique low profile, L-shaped Power Nozzle. Its low profile.

The Sidekick® II

A mini, motorized Power Nozzle makes it easy to vacuum mattresses and furniture, as well as hard to reach areas such as stairs.
