CUSTOM PROGRAMS - Level 1C and above

Many families are unable to make the commitment to the Summer Programs and Workshops, but want their dancer to continue their dance studies. For dancers in Ballet 1B and below, weekly options as well as Workshops are offered. Although we strongly recommend that dancers take advantage of the opportunities provided in the summer, for students in 1C and above, we can create a custom (technique class only) program that ensures the dancer is meeting their technique class minimum for their level. These programs do not include any secondary classes such as pointe/mens work, variation, jazz, contemporary, etc. *Please see the front desk for further details or to ENROLL.*

EXTENDED CARE (NEW!)

We understand the drop off and pick up times don't always align with work schedules and are offering extended care for students in our Kids Camp and Intensives (levels 1B & 1C)). Our normal drop off / pick up time frame is 15 minutes before and 10 minutes after class. Drop off as early as 8:30 am and pick up by 4:30 pm (billed in 1 hour increments). You will need to sign up online via the google document link on our website. Billed at \$10/hr in 30 minute increments. *Subject to enrollment & availability.*
