MATRIX PI

THE SOLUTION TO FRAUDULENT INJURY CLAIMS

Our Value is Strong

Whether we're dealing with work comp claims, automobile damages, medical injury claims, or any of the other various fraudulent claims people decide to make, Matrix Investigative Agency has the rope strong enough to pull you out of your position. We specialize in gathering, organizing, and providing undeniable evidence to be used in defense against these fraudulent claims.

Staggering Statistics

Roughly 21 percent of work comp/bodily-injury claims are found to be varying degrees of fraudulent. (Insurance Research Council)

In a conservative estimate, 80 billion dollars a year are unrightfully stolen by fraud. (Coalition Against Insurance Fraud)

It's approximated that 7.4 percent of all automobile-related claims are found to be fraudulent. (Inovatus)

One third of all insurers insist they aren't comfortable with their protection against fraud. (FICO)

Experience the Difference

We have a finely-tuned process that helps us achieve our success rate of 85%.

Together, we will strategically uncover a case that can protect you from the most crippling of claims.

Our team of investigators are sharp, very intuitive, and get right to the point with a direct personality approach that yields results.
