Where Is That Book?

Many may have misplaced their “Experiencing God” workbook, especially after the Harvey flooding or during decluttering. LCBC started an Experiencing God class recently, and that once again highlighted how the book transformed my understanding of hearing from God and following His will. It emphasizes the danger of being a Christian but not hearing from God and reminds us that God invites us to join His work, rather than helping us with our own agendas. By seeking God's kingdom and righteousness first, our needs will be met. I encourage anyone with the workbook to revisit it and reflect on their spiritual journey. If you can't find it, let us know, and we can order you a new one and find a suitable refresher course.
