Christie's Carousel of Learning Full Information Packet 2026-2027

Christie's Carousel of Learning Welcomes You!

Welcome, and thank you for your interest in Christie's Carousel of Learning Preschool and Day Care. We would like to introduce ourselves: we are Jan Christie Pagone, Judy Christie Fritz, and Nancy Christie Gobbo, sisters who have proudly operated this school for over forty years. It brings us great joy to provide a nurturing, high-quality program to the children of Park Ridge and the surrounding communities. We offer a variety of hours and the flexibility to choose the days that best fit your family's schedule.

Our **Summer Day Camp** program offers nine fun and adventure-filled weeks! One of the many benefits of our summer program is the ability to select any weeks you'd like your child to attend. You may also choose different days and times within those weeks. We look forward each year to welcoming both new and returning students, ages two through nine. Enclosed, you will find a weekly theme outline along with examples of the many activities planned for each week.

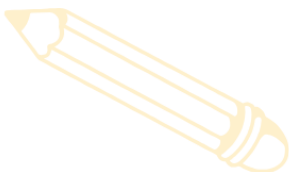

Our **Fall School Year Program** runs from August through June, and assigns children to classrooms based on age. Unlike our summer program, the days and times you select for your child will remain consistent throughout the school year. Inside this packet, you'll find additional information about our daily schedule as well as examples of the developmental goals we set for each age group. We hope the information provided answers many of your questions. We are always available should you need further clarification. We believe you will find our environment warm, welcoming, and well-suited to providing your child with an enriching educational experience.

If we can be of further assistance, please contact us at:

Thank you,

CHRISTIE'S CAROUSEL OF LEARNING

CHRISTIE FAMILY

After 44 years, our family and school continue to thrive on the concept of family love.

OUR PHILOSOPHY

Since opening our preschool/day care in 1981, our philosophy has always been, and will continue to be, rooted in the concept of family love.

Georgia and Gene Christie, along with their nine children, founded the school with the vision of providing a loving, caring, and enjoyable environment for both children and parents. We believe that success in social adjustment, supported by an intellectually stimulating environment, creates the foundation every child needs to confidently enter and thrive within the elementary school setting. Our curriculum embraces play as the most natural and valuable tool for learning. We recognize the importance of play in children's development and provide a balance of structured and spontaneous activities to support their growth.

Coming from a large family, we understand the significance of nurturing each child's unique personality. By providing an environment that encourages positive self-esteem, we allow every child to grow intellectually at their own pace.
