Partnership Opportunities

My Father is glorified by this: that you produce much fruit and prove to be my disciples.

JOHN 15:8

We will be hosting our 13th Annual Cullman County Power Sports Camp at Cullman High School. We will have 10 different sport clinic options for 7-13 year-olds to choose from. They will receive hands-on training from college, professional and high school coaches during the week. In addition, they will be a part of huddles that will be led by local high school FCA leaders as well as our FCA staff. There will be great speakers during our daily rally times, and fun competition between huddles as part of the daily schedule. We invite you to consider partnering with us through our various levels of **PROVEN** Teammate Partnerships.
