

## Completed Draft Dispense Work

Retail Dispense Solutions offers commercial draft dispense and HVAC-refrigeration services for bars, restaurants, gas stations, and any business with beverage needs! Our clients range from your neighborhood's favorite mom-and-pop shop, to local bars and restaurants groups, to mass national multi-site enhancement rollouts. We also work collaboratively with multiple general contractors and other beverage contractors throughout the nation.

Our home is in D/FW, Texas, but we have completed builds around the country. We prize our quality relationships and are always on the lookout for great industry partners. Interested in working with us, or got a question about one of our previous projects? Get in touch!

Our completed work encompasses:

- Multi-Site Enhancement Services
- Restaurant Groups
- Industry partners

## **MULTI-SITE ENHANCEMENT SERVICES**

### **QUIKTRIP**

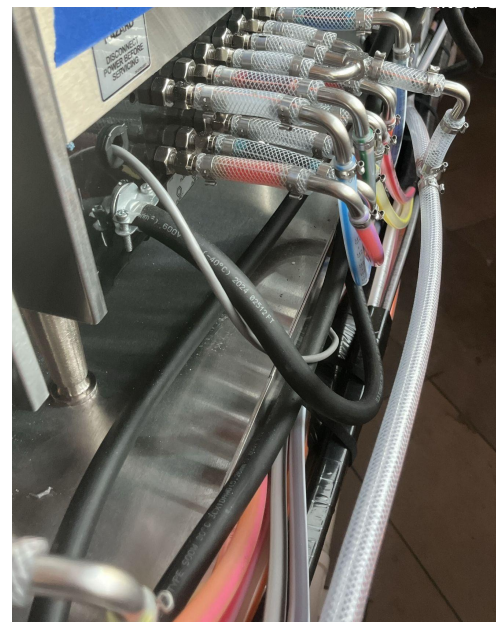

#### **Coffee-Wow: Coffee Bar Dispense System**

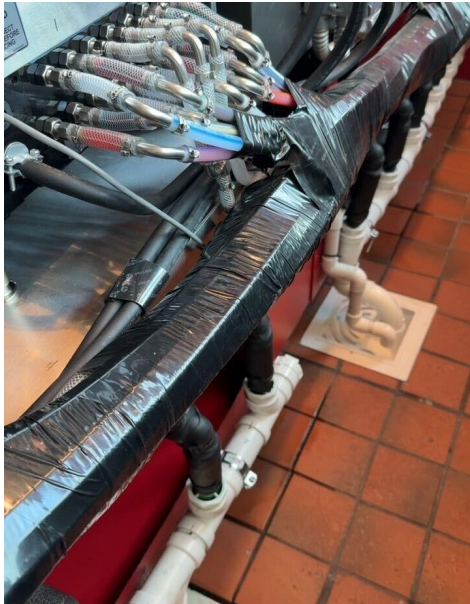

Retail Dispense Solutions completed Coffee-Wow dispense systems in over 400 QT stores in about a year. This represents 40% of ALL Coffee-Wow installs in the country... Meaning that if you've visited the coffee bar at a QT, there's a good chance we installed that system! We continue to complete Coffee-Wow installs for new QuikTrip constructions.

## Bevolution: Soda Dispense System

This national project involved a 5-7 person build team coordinating intimately with multiple other trades to achieve desired outcomes. We held responsibility for HVAC-R components in licensed markets and all beverage aspects, ranging from frozen dispensing units, tea and post-mix soda units. Lancer, Appliance Innovation, and FBD were our main industry partners in this project.

## **RESTAURANT GROUPS**

### **SSCP**

#### **Applebee's**

We have installed partial or complete draft system overhauls in a dozen Applebee's in D/FW and Houston.

## ON DECK

- Our Preventative Maintenance Plan resulted in substantial reduction on service calls
- Removed old glycol units and replaced with two workhouse units located for best access, breadth and upkeep at Western Center

## Texas Motor Speedway

Installed innovative frozen drinks dispense system

## Voodoo Brewing

Installed beer draft systems at three locations in coordination with BarTrack throughout the D/FW metroplex.

## ROWDY COWBOY

Completed 2 x 16 product custom Candy Copper towers for one of D/FW's most exciting new businesses.

## KICKING CRAB

We have completed 6 custom draft system installations for the Kicking Crab franchise across the DFW region. Each location has its own custom ceiling mounted towers.
