Bar Manager

It was proposed that normally the Bar Manager role should become a trustee position. Agreed by meeting.

Jeff Howells to be notified of invite/offer to become a trustee. Action AT.

The function and issues associated with the bar were discussed -

The overall objective of having people in each team that can operate the bar was stated. The ability to operate the bar was agreed as not a selection criteria with regards to team selection. It team captains would like the bar to be opened and do not have cover in their team they should notify the bar manager of manning requirement in sufficient time. It was agreed not essential to open the bar on weekday league matches.

Concern was expressed regarding availability of the bar during some events.

A suggestion was made to have a combination lock, rather than a padlock on the entry door.

JV raised the topic of use of cash till vs credit card use for payments. Stating the cash till use is lengthy and complicated, with the credit card use quick and simple. Suggestion made to strongly encourage credit card use - sign to be displayed.

It was proposed to begin use of the credit card reader for catering sales. Requires purchase of additional card machine.

Open Gardens

MM raised the issue of club sponsorship in that Ben Stevens of the White Hart had offered to continue sponsorship for a further 3 years (£750). The only request being that club members use the pub when required.
