From equipment interest to a clear quote.

Share your starting point

Program and state; anticipated class size; equipment already owned; room dimensions; utilities; accessibility and delivery considerations; preferred launch date.

Confirm the package

MCP confirms proposed item specifications, quantities, sourcing, installation responsibilities where applicable, freight and lead times before an equipment order.

Separate from curriculum

Equipment is not automatically included in curriculum, school document bundles or turnkey packages unless your written agreement expressly includes it.

Availability & pricing

Separate equipment listings and fixed package prices are being finalized. This brochure is a program equipment quote guide not claim every pictured item is available or included.
