Dear Friends,

As we reflect back on 2024 and our performance this past year, we must first express gratitude for all of you. Thanks to your support, Lighthouse Charities has changed more lives and created more opportunities for vulnerable families in our community than ever before.

We are proud to report that in the last year, we have impacted our community in the following new ways:

- In early spring, Lighthouse Charities acquired a two acre garden which now serves as an additional work experience program. Not only does this beautiful garden produce fresh and organic fruits and vegetables for our families and community, but it also provides a place of healing for those who are recovering from trauma.
- We expanded our relationship with the City of North Las Vegas to include the Municipal Courts to serve young adults 18 to 24 by providing them with a workforce integration program as they transition back into our community.
- Our Corner Market community food pantry has served over 11,000 food insecure individuals in our community this year!
- We started a new partnership with Taco Moto, a local small business that makes motorcycle parts, to employ additional clients in our workforce and ESL programs.
- We are on track to see extreme growth this next year across all of our programs.

As we begin another year, we are anticipating much growth and impact in our community. We look forward to new friendships, new opportunities, and a greater impact on the lives of those we are proud to serve.

Thank you for all you do to support this important work.
