

# SHARED RESPONSIBILITIES

## 2025-2026

### STUDENTS

- Learn how to create and evaluate personal goals.
- Develop skills to direct conversations about personal goals and progress.
- Take initiative for personal progress, including opportunities for extra support or enrichment.

### TEACHERS

- Teach students to have conversations about their progress.
- Help students learn how to self-assess and identify needed extensions or interventions.
- Clearly communicate options and expectations for learning.
- Connect all instruction and assessment with proficiency scales aligned with standards.

### PARENTS

- Understand grading definitions and practices.
- Continue to be an active participant in student learning and progress.
- Share helpful information about your child to support their learning journey
