

Birth Control Consultations

Did you know that pharmacists can prescribe birth control? That's right! You can access safe and effective birth control options without a doctor's appointment.

Whether you're looking to start birth control for the first time or need a refill, our friendly pharmacists are here to support you.

Methods

- Pills
- Patch
- Ring
- Shot

Ages 18 +

The Pharmacy Access To Contraceptives for Hoosiers (PATCH) project is funded through Indiana Department of Health Safety PIN in partnership with the Indiana Pharmacy Association.
