| Institutional Assessment               | In this workshop, faculty will learn about institutional assessment, its purpose, its importance, and AUHS’ process for conducting assessment. They will also learn about, and practice the role that they play in this process and the crucial impact that this role has on student learning and the effectiveness of the institution. | Date: October 16, 2023  
Time: 10:00AM – 2:00PM  
Location: Main Campus                                                                                       |
| Student Success Series: How People Learn | This workshop will discuss the science of learning and how this translates into classroom instruction. Memory, cognitive load, expert/novice thinking, metacognition and mindset implications will be discussed.    | Date: January 19, 2024  
Time: 10:00AM – 2:00PM  
Location: Main Campus                                                                                       |
| Safety Compliance: OSHA and HIPAA Regulations | This workshop is designed to provide a comprehensive understanding of OSHA HIPAA regulations. The workshop will focus on workplace safety, hazard communication, emergency preparedness, and employee rights and explore privacy and security rules, patient rights, electronic health records, and the importance of safeguarding sensitive health information. | Date: June 14, 2024  
Time: 10:00AM – 2:00PM  
Location: Main Campus                                                                                       |
| Student Success Series: Lesson Design and Delivery | This workshop will discuss principles of lesson design and delivery that support student success. Principles of effective lectures, presentation skills, and active learning will be highlighted. | Date: September 27, 2024  
Time: 10:00AM – 2:00PM  
Location: Main Campus                                                                                       |
| Student Success Series: Assessments    | This workshop will discuss evidence based assessment strategies that support student learning. How Alignment of Learning Outcomes, Bloom’s Taxonomy, Assignment design, and feedback/forward support student learning will be the focus of this workshop. | Date: January 17, 2025  
Time: 10:00AM – 2:00PM  
Location: Main Campus                                                                                       |
