When will the parents be contacted with team and coach's information?

Parents will receive an email by October 16th with instructions to log in to their Team Sideline account. Once logged in you will be able to view your player's team and coach's information.

What if the registration deadline is missed?

A waitlist will be created so you may add the player to the list. There will be no fees collected until a player is placed on a team. There is no guarantee his/her child will be placed on a team. If the child can be placed on a team a staff member will call and let parents know and payment will be collected at that time.

Can a child request to be with previous coach/teammate?

Yes. There will be several returning players that will want to be with the same team/coach as the year before. There will be an optional requests section where you are able to put the name of the coach or teammate's name. If you do, please make sure you provide the full name of either coach or teammate. This will make it easier to identify team requests.

What equipment does my child need?

Players will need a water bottle, athletic wear, basketball, and athletic shoes. League will provide a jersey and practice space.

Can my child play up a division or two?

The child may only play up one age group. All other requests must be submitted to the League Coordinator (Hector Perea) and are subject to his approval.

Coaches Forms

All coaches must complete an application and a background check. Once they complete the application the information to complete the background check will be emailed.
