

The background features a complex network diagram. It consists of numerous nodes, represented by colored circles in shades of blue, orange, purple, yellow, and black. These nodes are interconnected by a dense web of thin, dark grey lines. The overall shape of the network is roughly circular, with some lines extending outwards. The background is a light grey, and there are scattered small black dots throughout the image.

Oldham County Comprehensive Plan Future Land Use Map Proposed Changes

Current Future Land Use Map

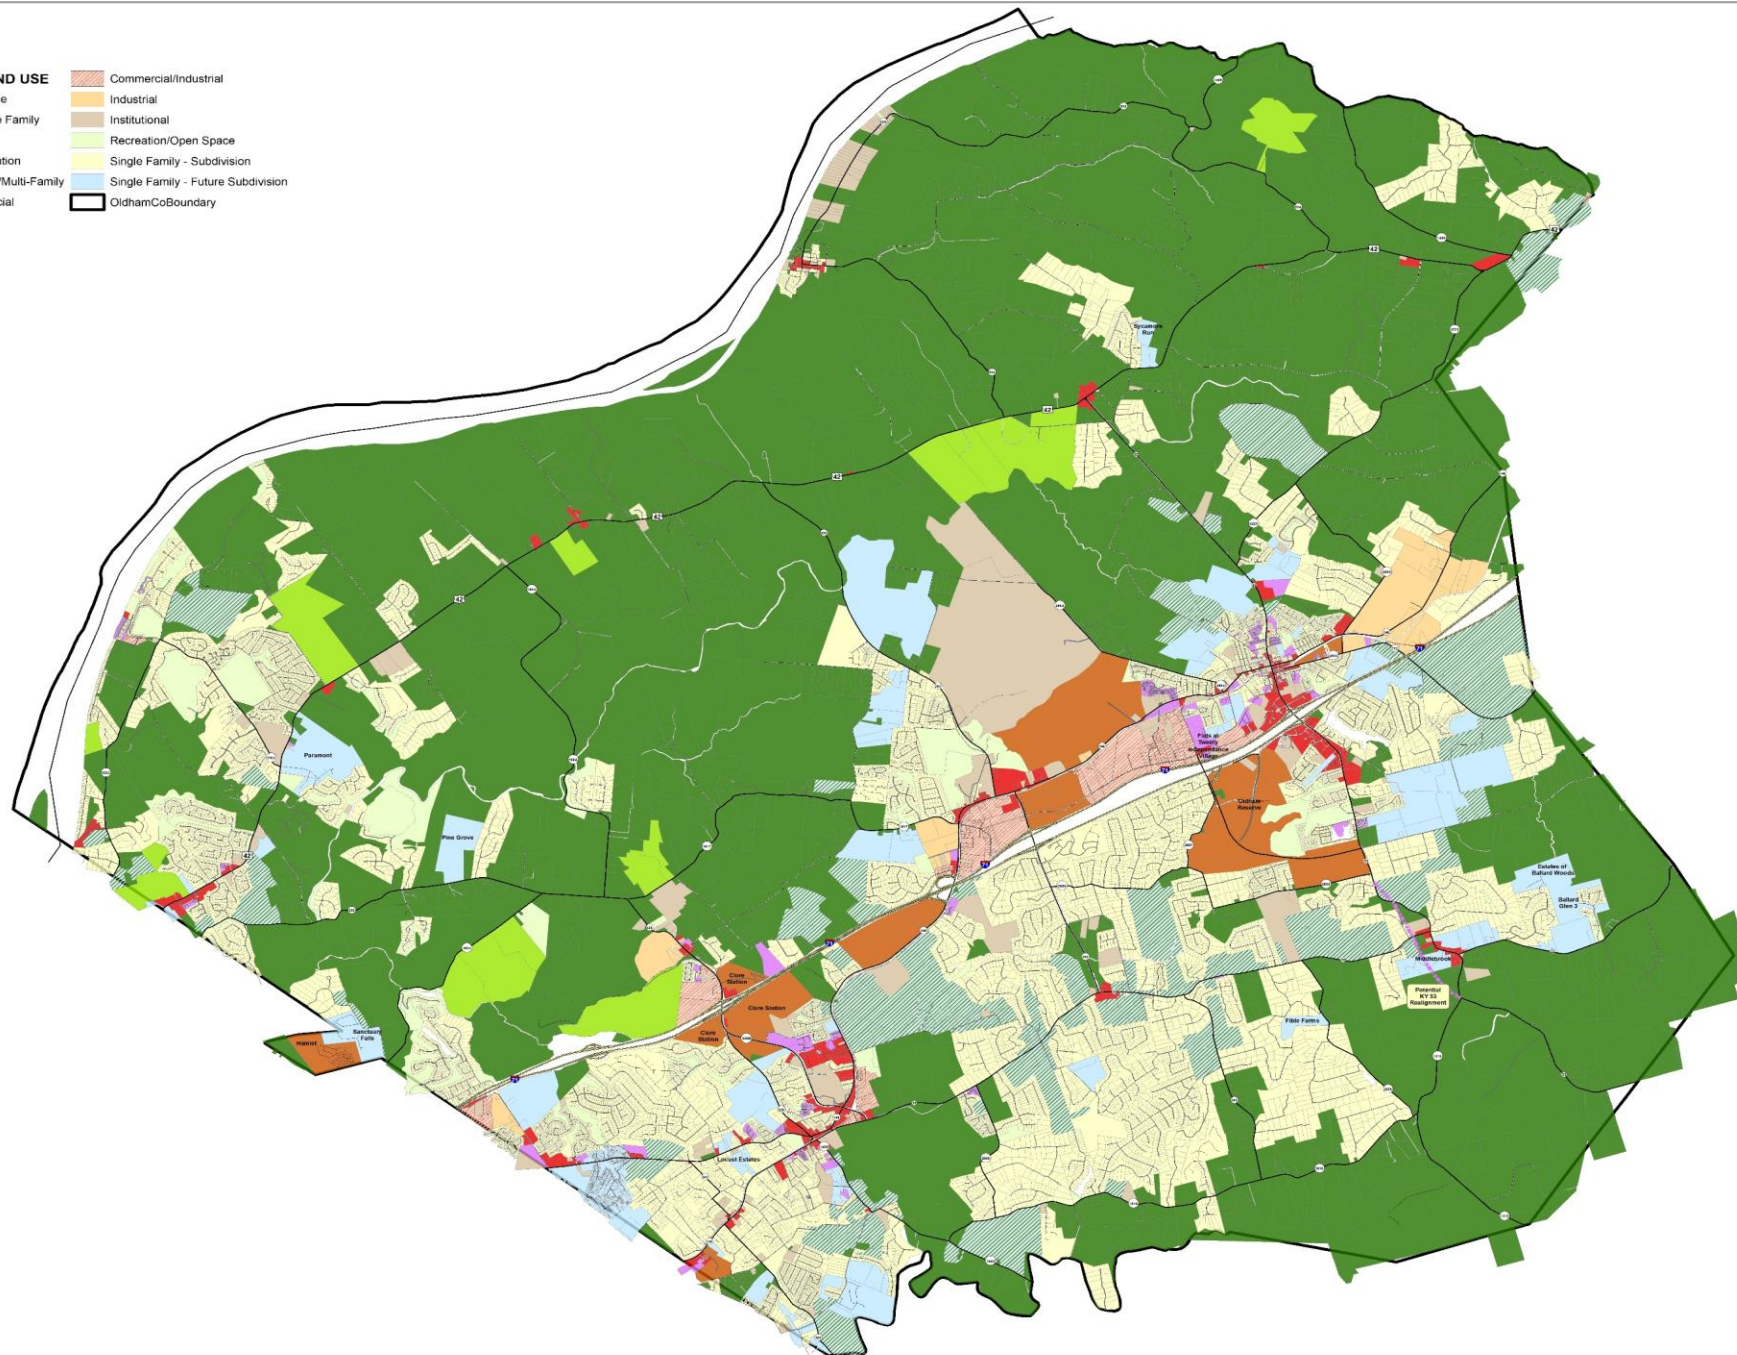

Proposed Future Land Use Map

Legend

FUTURE LAND USE

-  Mixed Use  Industrial
 Ag/Single Family  Institutional
 Ag/Rural  Recreation/Open Space
 Conservation  Single Family - Subdivision
 Attached/Multi-Family  Single Family - Future Subdivision
 Commercial  Oldham/CoBoundary

Proposed Minor Changes

1. Cleaned up parcel discrepancies from previous Future Land Use Map.
2. Removed right-of-way and Single Family - City designations from map and legend.
3. Combined original Agricultural / Rural and Conservation future land use designations into one (**colored dark green**) since the zoning regulations are the same for both.

Proposed Minor Changes

4. Created a Conservation future land use designation (**colored brighter green**) that shows all recorded and documented Conservation easements in the county. (Source: National Conservation Easement Database)
5. Labeled current (in progress and approved) developments to assist in identification and location.
