A zero defect supplier

Why we exist

Our purpose is to secure ourselves as a contributor to your business success.
Our dealer base includes major retailers and our customers Blue Chip organisations

We are solution providers with active support structures in place, assisting in the sales process through to the final satisfied purchase.

We invite you to experience our commitment to you, discuss the following opportunities with your local sales team:

- National free delivery to all major cities with our in-house extensive delivery fleet - ensuring on time delivery of undamaged goods
- Training Centres & showrooms in major city centres throughout SA – for use by you and your customers
- Make use of our state of the art showrooms and invite your sales team and/or your key clients for in-depth knowledge on our extensive range
- Marketing support
- Personalised catalogues of our full range
- We invest in our dealer base by providing consignment stock models that are managed, administered, merchandised & consistently reviewed - with you - by Parrot staff. Increased returns on investment with no capital requirements.
- Proof of Concepts – to assist your customer in making the right decision
- Demonstrations
- Joint sales calls – supporting you with on-site advice and assisting the sales process
- Our in-house IT department facilitates integration of the Parrot ERP with your in-house program, ensuring lower admin costs and speed of transacting
- Professional installation services of any of our product range, in Gauteng, Bloemfontein, Nelspruit, Durban, Cape Town, Port Elizabeth & Namibia. Providing free quotations, turnkey solutions of Pre-sales, In-sales and After-sales from friendly and efficient teams.
- Through our Parrot online experience view national stock levels, PODs, Invoices, Credit Notes & Statements. Quotations can be processed online and converted to order, providing ease and convenience for online ordering.
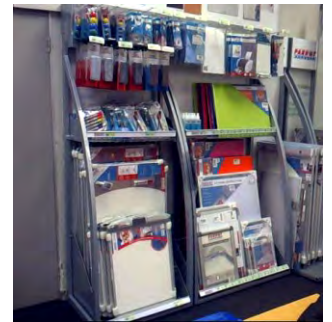

Who are we ?

Parrot Products was created in 1992, driven by its founders for a desire to service the presentation and education industries with locally manufactured quality products, on a national basis at unprecedented speed. **OUR RANGE NEXT DAY.**
We consider ourselves market leaders in the ranges of products we supply.
Customised solutions are available throughout our range.
Our four clearly defined product categories are, **Office Equipment, Interactive, Display and Janitorial**.

An inside look

We are an ISO certified company, evidence of the fact that we believe a quality organisation produces quality people and product.
Our manufacturing and warehousing plant is situated in Cleveland, Johannesburg and operates from a site spanning 12000 square metres.

With fully stocked branches in Johannesburg, Cape Town, Durban, Bloemfontein, Nelspruit, Port Elizabeth, Namibia, Gaborone and Lusaka, our team is motivated and continually excited to ensure our Dealers and their customers receive excellent products from a high quality brand. A centralised national call centre is on standby to administer product support information and processing of orders & quotes.

Throughout its history and into the present day, Parrot Products continues to innovate and diversify in an effort to offer a wider range of products, contributing to our Dealers success.
With over 60% of product manufactured locally and with a staff compliment of over 300 staff members, Parrot Products are a proudly South African concern.

BA0252

Code	Description
BA0252	Shredder Oil 250ml

- Eliminates build-up of paper dust • Prevents jamming
- Conditions blades to extend shredder lifespan

Why oil your shredder?
- It is very important to keep oiling the cutting cylinders on your shredder
- It will prolong the life of your shredder and will prevent annoying squeaks that may occur

• Shredding machines that are not oiled will:
- Take longer to shred
- Be more prone to jamming
- Start to shred fewer sheets of paper per pass per minute

250ml

Screen Ratios

Which ratio screen suits you?

1:1   Ratio screens are ideal for square projections such as Overhead Projectors.

4:3   Ratio screens are sized for a computer monitor and work ideally with DLP/LCD Projectors.

16:9 Ratio screens are formatted for modern video in cinematic format.
