

# TEAM BUILD.

Achieve your headcount growth goals in North America with our all-in-one Talent as a Service solution.

## YOUR CHALLENGES.

We understand the unique hiring challenges that MedTech companies face:

- ✗ Accessing unique MedTech talent
- ✗ Interview processes taking too long
- ✗ Overpaying per headcount

Project Team Build is your embedded hiring solution for high-growth MedTech and HealthTech scale-ups.

Medtronic

*"It's been great. We handed over a substantial commercial project to PROJECTUS that had proven tricky for the business' direct recruitment avenues, due to the niche nature of work.*

*PROJECTUS were able to fill all of the roles and massively reduce our time-to-fill. The quality of candidates provided to the business was great, and the hires we eventually made will go on to be a game changer for our commercial organisation."*

## THE FEATURES.

Our proactive, data-driven approach leverages cutting-edge technology and best practices to find niche talent, faster. Let us take care of hiring top talent so you can focus on your core business.
