You have saved countless lives through your generosity, having invested in the untold stories of a brighter future for hundreds of these children.

Your gifts have restored hope, healed the suffering, educated young minds and instilled the gospel of Jesus Christ.

Thank you for being a part of the Danita's Children family!

Doctors and dentists performed outpatient primary medical and dental care, diagnosing patients with on-site radiology and modern lab equipment. They served patients by dispensing medication through an on-site, full-service pharmacy.

In addition to primary care, advanced surgical and long-term inpatient care were made available. Health awareness programs were taught region-wide, which educated the community on how to prevent disease and better care for themselves daily.

Our 2019 graduates have received the quality education required to pursue a future filled with far-reaching opportunities.

Aside from pursuing their career goals, many of our graduates are using your example and are giving back. They have become vital mentors and dynamic youth pastors to our younger children at school. **Each Sunday service, they offer discipleship, provide wise counsel, and share biblical encouragement to our young students.**

The Hope for Haiti Worship Center continues to provide a place of spiritual guidance and fellowship for our active congregation at Danita's Children. The Church is truly a refuge of hope, allowing them to build a closer relationship with Christ while receiving discipleship and encouragement.

Our Church pastoral and ministry staff have blessed our children with biblical truths that build a genuine strength of character that will prepare them to live successfully as adults. Each child has been gifted with their own Bible. Many on the ministry team are Danita's Children as adults, now leading the worship service on Sundays.

Our around-the-clock nursing staff provided nurturing care and Christ's love to these precious children of God. They professionally ensured that each child had the appropriate medical attention for their unique need and disability.

We are excited to report that one of these diligent staff members providing special needs therapy is Emma, one of Danita's Children graduates.

Your support has ensured that each child is held in comforting arms, sung to, prayed with, fed, played with, and nurtured in countless ways. It is the goal of every staff member that all of these unique children of God know they are loved and cherished as His own.

YOU MADE AN AMAZING DIFFERENCE IN 2019!

Thank you for making such a positive impact on the lives of all the desperately in need children in Haiti. You can continue to bless these precious children by helping us again today. Here are two ways you can get involved:

PRAY

Please join us in prayer that those children in need today will be saved from harm's way and that their souls will be renewed through God's love for all eternity. We serve a great God who answers prayers, and He promised to do great things when we ask Him in faith, agreeing with others in prayer. Prayers are a crucial part of helping the people in Haiti be restored both physically and spiritually.
