Dear Friends,

Sponsorship is the heartbeat of everything we do in Haiti. We are able to provide medical care, a hot meal, and a quality education for children in need.

A good education is not something that every family can afford, but through your sponsorship, children have a chance to get a Christian education and learn that God loves them and has a plan for their lives.

Every child desires to know that they have someone who believes in them and is praying for them. So, to those of you who currently sponsor, I want to thank you for your faithfulness. The children love to read your cards and letters. They are so very grateful for you!

Please join us in prayer as we currently need 138 new sponsors. Maybe you have been thinking about it and do not know how you can help a child in Haiti. We believe that ONE person can make a difference and transform the future of a child through the seeds that they sow through sponsorship.

For the children,

Danita Estrella Watts
CEO/Founder of Danita's Children

"Then Jesus declared, ‘I am the bread of life. Whoever comes to me will never go hungry, and whoever believes in me will never be thirsty.’ “ - John 6:35

OCTOBER 2021

Congrats to the class of 2021!

This year we had 10 students who graduated from our school. We are so proud and grateful for all of them. Please pray with us that the Lord will bless them, protect them and give them the provision to walk into the next chapter of their life. They are the future leaders of Haiti.

THIS YEAR WE NEED 138 NEW SPONSORS

Right now we have many children who are still in need of sponsorship. These boys and girls are full of potential and our center is a remarkable place to foster that potential. Parents whose children attend our school tell us often how grateful they are that their children have the chance to be part of our community and get the quality education that many parents cannot afford.

Your monthly sponsorship will meet the critical needs of one unsponsored child. To learn more, please scan the QR code below:

"Commit to the Lord whatever you do, and your plans will succeed!" - Proverbs 16:3
Despite all the difficulties and disasters throughout Haiti and our world recently, we have seen remarkable resilience in the Haitian people in 2021, and we have also seen it in the children who come to our center through our Sponsorship Program. I truly believe that they are the hope and future for this country and that with the proper support, they will take Haiti to better, brighter places when they become adults.

While we’re hopeful that this school year will be more peaceful than the last 12+ months in Haiti, we know we’ll still need our sponsors just as much as we always have.

Your gift of sponsorship provides a child the chance at a brighter future, both through school and through nourishing food, medical care, and fellowship with peers and teachers. If you would like to learn more about this program, we’d love to first introduce you to the children in need of a sponsor right now. To sponsor any one (or several) of these children and learn more about the impact of your investment, visit danitaschildren.org and sponsor today.

Thank you for all your support. God bless you!
EARTHQUAKE UPDATE

Danita’s Children Medical Center was able to take a second trip to Jeremie, Haiti, to help with relief after the earthquake in August. In just three days, our team was able to facilitate two mobile clinics in remote areas, as well as deliver supplies to five different local missions that needed help.

Mountain Mobile Clinic: Their first mobile clinic in Lopino was a treacherous five hour (round-trip) journey into the mountains. Our team went over a river bed and through tiny rock-filled roads on the cliff of a mountain just to get to the people lacking medical care. They even encountered a roadblock on the way, convincing the local people to let them through. We were blessed to be able to help a town that had been praying for medical care to arrive.

Tent City Mobile Clinic: The second mobile clinic was set up in a “tent city” in Nakadé, on the road to Pestel, with a community of about 80 families (200 people). This tent city was on the side of the mountain, where they hoped that whoever drove by would stop and help them. Having lost everything in the earthquake, they were living with no running water, no electricity, no bathrooms, and very little hope. Each home was about 10’ x 10’, made out of tarps, plastic bags, plants, and rope, with no safety from the outer elements. They had no medical attention and the closest care was over 2 hours away.

At each location, our team was met with open arms and smiles of hope as they provided medical care and supplies to the people that needed it the most. We were honored to walk alongside the Haitian people and give hope and life during this time of great suffering.

We are also thankful for the support and collaboration of several local missions on the ground in Jeremie, Haiti, and to MAF (Mission Aviation Fellowship) who donated round-trip flights for our medical team and transported all our cargo across the country to where it was most needed.

Thank you to each donor who was able to help provide the means to facilitate our trips. You entrusted us to provide care to those in desperate need, and we are beyond grateful for you and your willing heart.
3 WAYS TO GIVE THE GIFT OF SPONSORSHIP TODAY:

1. MAIL YOUR CHECK IN THE ENCLOSED REMITTANCE ENVELOPE TO:
   Danita’s Children
   P.O. Box 280750, Nashville, TN 37228

2. CALL OUR OFFICE AT: 615-721-8433

4. DONATE ONLINE:
   Go to danitaschildren.org or scan the QR code:
