House Happenings: A Look Back

Back-to-School Season

Thanks to the incredible generosity of our community, over 100 children received the supplies they need to start the school year strong. We hosted our Annual Backpack Stuffing Volunteer Event on July 1st, stuffing over 50 backpacks. Thank you to all who hosted a donation drives, donated via our wish lists or volunteered their time. The outpouring of support was truly heartwarming and so many children felt with every backpack handed out. We're so grateful to all community partners who helped make this effort possible— Thank you!

A special thank you to

Christmas in July

Partnered with the FBI Alumni Association

We had a festive time celebrating the Christmas in July event on July 25th, 2025! In partnership with the FBI Alumni Association, Santa arrived with his SWAT team helpers and even brought along a massive army tank for the kids to explore. Each child received multiple toys, adding some holiday magic to their summer. We want to thank the FBI Alumni Association for their continued partnership. Their toy donations help keep our closets stocked year round.

Summer Pinwheel Parties!

A heartfelt thank you to The Junior League of Tampa Bay, Barnes Trial Group, and the Academy of Holy Names faculty for hosting pinwheel parties this summer! These wonderful groups came together to craft, connect, and learn more about the mission of Mary Lee's House!

We love welcoming community members in to take a closer look at how, together, we're working to protect and uplift children across our county. These gatherings are a powerful reminder of what's possible when we unite for a cause.

Mary Lee's House is supporting fathers in Hillsborough County!

When we support a
family as a whole, children thrive!

'Chasing Possible' Father's Closet

Within the child welfare community, professionals have identified a critical gap: support for fathers has long been underrepresented compared to the resources available for mothers and children. Recently, however, there's been a growing effort to close this gap through parenting programs, mentorship, and peer support groups tailored for fathers. These initiatives help break down stigmas around seeking help and address generational trauma. Research shows that when fathers are actively involved in their children's lives, kids are far more likely to thrive—emotionally, academically, and socially. As a community, we're learning that for children to truly flourish, they need stable environments and caregivers who have begun healing from their own childhood trauma.

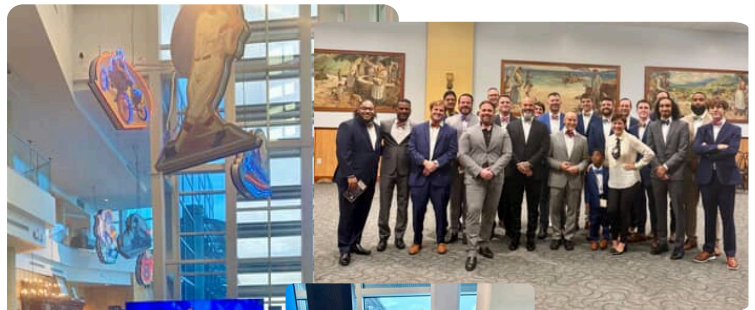

We're proud to announce the opening of the 'Chasing Possible' Father's Closet—the first resource of its kind in Hillsborough County, dedicated to supporting fathers within the dependency system. This thoughtfully curated space will provide gently used professional wear, accessories, and men's grooming items in a wide range of sizes, available by referral only through our trusted child welfare community partners.

Tailored for Change Fashion Show

A truly unforgettable night! Our Tailored for Change event was a huge success, featuring the hilarious and adorable runway show, shopping station auction and an incredible outpouring of community support. Together, we raised over \$20,000 to directly support fathers within the dependency system—helping them grow, heal, and evolve with their families.

Thank you to everyone who made the evening possible: our volunteers, sponsors, models, committees and every guest who showed up with purpose. Your generosity and presence remind us that when we nurture the entire family unit, we change the trajectory of a child's future. Let's keep the momentum going. Support dads in Hillsborough County, learn more on the next page or visit maryleeshouse.org.

We are excited to see this resource grow and with the community's continued support, we can ensure it remains fully stocked and accessible for fathers who are taking meaningful steps toward building better lives for themselves and their families. When parents have access to resources and education, they can change their children's lives—breaking cycles, creating stability, and opening doors to brighter futures.

Together, we can work to reduce trauma across Hillsborough County. This is more than a closet—it's a vital need that brings the entire community together and empowers families for generations to come.
