

24th Annual Ram Sale

Friday, 9th October 2026

at "Calool" Manilla NSW

Inspect • 10.00am

Sale • 1.30pm

3% rebate
to outside
agents

Welcome to our 24th Annual on Property Ram Sale

BUNGULLA MERINOS

The Bungulla Merino Stud was established in April 1972 by Geoff and Enid Capel at Bungulla, Mudgee, New South Wales. In January 1974, the stud was relocated to "Calool", Manilla.

The primary focus has consistently been on breeding sheep with robust constitutions and high-quality, well-nourished wool capable of performing well across diverse environments, from regions with high rainfall to pastoral areas. Additionally, there is an emphasis on recognising carcass attributes conducive to developing heavier, early maturing sheep.

In the last 10 years the stud's 3 breeding objectives have been.

1. Plainer bodied sheep to reduce breach and brisket wrinkle while holding a heavy and sustainable wool cut
2. Improve carcass traits such as EMD and fat while continuing to hold our mature Ewe weight @70kg
3. Wool that will perform in all climates, especially in the challenging summer rainfall climate. (Weatherproof Wools)

Meticulous care has always been taken in the selection of future sires over the years to ensure a sound genetic base that is always going to get us closer to optimising our breeding objectives.

This year, we are pleased to offer a weatherproof guarantee on all Rams purchased from Bungulla Merinos, reflecting our confidence in the quality of our wool.

For the past 23 years the mixed age ewe flock has averaged 7.7kg of 19.5-micron wool, while the average percentage for lambs produced from ewes joined has been 97%.

Elders Limited will conduct the Sale
