

Pace Pool & Spa Service

SIMPLIFIED BILLING. SAME GREAT SERVICE.

Our weekly service is designed to make pool care easy with simple monthly billing, predictable costs, and convenient, reliable service you can count on.

Your Weekly Service Always Includes:

- Weekly chlorine, salt, & pH testing
- Monthly balancers (alkalinity, stabilizer, & calcium)
- Skimming debris
- Brushing & vacuuming as needed
- Equipment maintenance (emptying baskets, backwashing, etc.)

SELECT

Usage-Based Billing

Starting at \$170/mo

Monthly totals vary based on actual chemical usage. Summer months typically require more chemicals due to heat, rainfall, and swimmer activity, while cooler months require less.

- Service rate remains consistent
- Chemical charges fluctuate based on seasonal demand and rainfall
- One-time Spring algaecide fee applied annually

OR

Flat-Rate Billing

Starting at \$225/mo

Your personalized flat-rate is calculated based on comparable pools, in both size and location, to provide consistent, predictable pricing throughout the year.

- Includes routine service and standard chemicals (within reason)
- Eliminates seasonal billing fluctuations
- Replaces the separate Spring algaecide charge
- Same rate each month for the full year

Additional charges may apply only in extenuating circumstances such as pool draining, stain treatments, or non-routine chemical applications.

Parts & Repairs

Routine replacement parts under \$50 (gaskets, baskets, pressure gauges, etc.) will be replaced as needed and billed accordingly.

Any parts or repairs exceeding \$50 will be discussed with you and require prior homeowner authorization before work is completed.

Select the plan that works best for You!
