Dear Pastor and Praying Friends,

I wanted to begin this letter with a heartfelt thanks for the birthday cards, messages via email or WhatsApp, and gifts you sent which made my birthday extra special. Your kind words and messages meant so much to me, and I thank God for each of you. I am grateful for all the years God has given me and look forward to the days ahead to keep loving and serving Him.

Kye and Khadell had been faithfully coming to our children program for several years. Though Khadell dropped out for a period of time, thankfully he came back. Both Kye and Khadell accepted the Lord Jesus Christ as their Savior, but they do not get much encouragement from home concerning living for the Lord.

During summer break I took them out several times for fun and to encourage them. The ways they carried themselves as Christian young men truly blessed my heart. After swimming at the beach, they went to the shower room and found it cost six dollars per person. I gave them the money, but they later returned it with change. Kye and Khadell decided to clean up themselves in the washroom instead because it was cheaper. How thoughtful! We then went to KFC for dinner. Before we dug in, Kye took the initiative to pray for the

food. I thank God for them.

These two young men have great potential of serving the Lord in various ways. Kye sings well while Khadell is a very detail-oriented person. I am working with Kye and praying that God will allow him to do some song leading soon. Your prayers for them are vital and much appreciated.

Church Highlight:

We are excited about several students from Lifeline Christian Academy who started coming to our children's program. Some of them even join the children's choir. Praise the Lord!

School Highlight: Summer school fun Fridays

School started back on September 8. This year we have 60 students enrolled in our school, and I have nine in my grade 1 class. My class moved into the newly finished concrete classroom on the second floor. No more spiders and congorees (an awful looking worm-like insect) in my classroom!! Yeah!!
