1 Corinthians 16:9 KJV — For a great door and effectual is opened unto me, and there are many adversaries.

In ministry we treasure the thought of an open door's opportunity but rarely consider the fact that there will be opposition. The fact that we have adversity oftentimes confirms that we chose the right door.

In September and October, we had several furlough meetings at churches in New Mexico, Colorado and Texas. We took part in three different missions conferences and traveled to eight churches. It's a blessing to see those who have been investing in the ministry and to communicate what God is doing.

Mrs. Amanda is doing her best to help our ladies be encouraged and growing in the Lord, she took them to a retreat in Eager, AZ in September and in October to Waterflow, NM.

We came back to the church property after an overnight trip to town to find a flowing stream on the church property. The cause was a broken pipe on the trailer we are currently living in. Thankfully it was only 8000 gallons that ran to waste. In the same event we discovered the Transmission cooling lines had been damaged on our church van which caused all the fluid to leak out, thankfully the transmission wasn't damaged only put out of commission for a while. Even then we have not been able to use the van because of muddy roads. Tropical storms coming across the Southwest have brought us historical amounts of rain. Flooding has been an issue across the reservation. Thankfully the challenge we faced has only been extra amounts of mud.

We are trying to balance the work between people projects and building projects. With all the rain that has come I've been finding new places in buildings that are not sealed from the elements. Interesing enough we keep discovering places in the lives of our people that are not sealed up from the elements of sin. God allows storms to come to expose areas of weakness.

Pray for our people, for disciples to be made and for Mountain View Baptist Church to strive together for the faith of the Gospel.

Thank you all for your prayer and financial support as we labor for the Master in Navajo Land
