

Dear Pastor and Church Family,

The last few months have been exciting to see God working in our church. We have had a stronger emphasis on soul winning lately and how to win a soul to Christ, and it's been encouraging to see people jumping on board! Three weeks ago, one of our men brought his aunt and cousin to church specifically for them to be saved. They trusted Christ after the morning service.

Another young lady brought her friend after putting him on the prayer list to get saved. He attended that Sunday and trusted Christ!

Then, just recently, a lady who's been attending our church for the last year and a half, came out soul winning and won her first soul to Christ! She was overjoyed, and we rejoiced with her.

At the time of this letter, our church has seen 38 people saved this year mostly from personal soul winning and some from visiting our church. God has been so good.

Please pray that we can continue to grow and produce fruit bearing Christian's who love God and care for souls. Thank you for your prayers and support!!

Sincerely,

Tim Peterson & Family
