EXPLORE · DISCOVER · BOOK

Leisure & Entertainment Experiences. Together. At Last.

Experience Together. **Ride** Together. **Travel** Together. **Do More** Together.

Find the perfect experience for every vibe and interest. Instantly.

Why visit half a dozen silos, comb through lists pages long, and still miss the experiences you never knew existed? We bring leisure and live entertainment together in one place. No account needed until you book or save.

HOW DISCOVERY WORKS

- 1 Pick your vibe**
Start from the feeling you're chasing, not a search box.
- 2 Explore seven dimensions at once**
Other portals index a subset — destination, date, price — so what you would have loved never surfaces. We search all seven at once.
- 3 Discover, then decide**
Browse freely and find what you would never have thought to search for.

WHAT YOU'LL FIND

- Sightseeing tours
- Outdoor adventures
- Sporting events
- Broadway & theatre
- Local attractions
- Food & wine
- Concerts & festivals
- Comedy & live shows

Ride Together.

SHARED RIDES TO THE SAME PLACE

More people make a better ride **possible.**

Experience Together. **Ride** Together. **Travel** Together. **Do More** Together.

Pre-arranged shuttles, or a ride you start yourself.

A coach costs the same whether 20 or 44 people ride it. Every seat filled lowers the price for everyone on board and moves a forming ride toward confirmed — that's the whole idea.

THREE WAYS TO RIDE

- 1 Pre-arranged shuttles**
We run them already — San Francisco 49ers game days since 2010, Nebraska Huskers home games. Pick your lot, book your seat.
- 2 Create your own**
Set the event, date, departure area and time. Share the link and fill it.
- 3 Express interest, and let Pronto create it**
Tell us where you want to go. If enough people want the same thing, we put the ride together.

SHUTTLES WE RUN TODAY

San Francisco 49ers

Game-day shuttles to Levi's Stadium, every home game since 2010.

Nebraska Huskers

Home-game shuttles into Memorial Stadium from Lincoln park-and-ride lots.

Pre-arranged Shuttles. Create your own. Share the Ride.

WHERE RIDES COME TOGETHER

- **Game days**
Supporters to the same stadium on the same kickoff.
- **Festivals & concerts**
One coach from a metro area to the gate and back.
- **Conferences & offsites**
Staff from several offices to a single venue.
- **Clubs & community**
Any group going to the same place at the same time.

■ Vetted operators

Every affiliate's licence, authority and certificate checked before dispatch — every time, not once at onboarding.

■ Better coverage

\$10M umbrella coverage from Pronto on top of the operator's own policy, whatever the trip. Your organization named as additional insured on request.

■ Compliance

CDL with passenger endorsement, FMCSA drug and alcohol testing, CHP-inspected equipment, SPAB certification on any journey carrying students.

FOR PROCUREMENT, RISK MANAGEMENT & IT REVIEW

Two layers of cover. Every single trip.

Book through **iPronto.com** and you are not buying a referral. The operating affiliate carries the primary policy, Pronto carries a second one behind it, and the platform that took the booking has been assessed against the standard higher education uses to vet its vendors. This applies to **every trip booked through the portal** — students, staff and employees, one vehicle or twenty, an afternoon or a week.

HOW THE COVERAGE STACKS

- 01 The operating affiliate** **PRIMARY**
The company whose vehicle and driver run your trip carries the first layer. The federal floor is **\$5M** at a seating capacity of sixteen or more and only **\$1.5M** at fifteen or fewer — we verify the certificate before every dispatch, whatever the vehicle.
- 02 Pronto Corporation** **UMBRELLA**
\$10M umbrella coverage, on top of the affiliate's and never instead of it — and it does not shrink with the trip. On a sedan or a van, where the operator floor is \$1.5M, almost the whole limit behind the trip is ours. Most brokers carry no second layer at all.

Named as additional insured. On request we endorse your organization, its officers, agents and employees onto both policies — **CG 20 26** and **CA 20 48** — with a certificate issued to your contracts office and thirty days' written notice of cancellation.

ON THE PAYMENT-CARD SECTION

iPronto **never collects, stores, processes or transmits cardholder data**. Card handling is performed entirely by **Stripe**, a PCI Level 1 validated service provider assessed annually by an independent QSA. Pronto is a Level 4 merchant, and Stripe's compliance dashboard confirms Pronto is not required to submit PCI information. The low score there reflects that architecture, not a gap — there is no cardholder data in our environment.

WHO IS ACTUALLY DRIVING

- SPAB certified**
School Pupil Activity Bus certification on any driver carrying students.
- CDL, passenger endorsement**
Held and current, verified at assignment.
- FMCSA testing**
Drug and alcohol testing program, pre-employment and random.
- CHP inspected**
Terminal and vehicle inspections on the equipment that shows up.

RISK MANAGEMENT
TWO LAYERS ON EVERY JOURNEY

Athletics, field trips, student life, airport transfers, business travel — we have got you covered.

The federal floor lets an operator carry a third as much on a small-group journey as on a full coach. **Ours doesn't move.**

Whatever your people are booking and whatever turns up to carry them, the same Pronto layer sits above the operator's — so the cover behind an airport run for two is the cover behind a team on a motorcoach.

Operator minimums are the federal floor for for-hire passenger carriers in interstate commerce under **49 CFR 387.33**: \$1,500,000 at a seating capacity of 15 passengers or fewer, \$5,000,000 at 16 or more. Many operators carry more than the floor, and we verify the certificate before every departure.

Figures describe limits available, not a guarantee of recovery in any particular claim. Your organization can be named as additional insured on request, and a current certificate of insurance is issued on request and governs.
