

6 AUGUST 2026 · CONTRACT AWARD

Pronto Corporation selected by SMCCD for districtwide charter transportation services

The District has executed a Charter Transportation Services Agreement with Accelar, Inc. dba Pronto Corporation covering College of San Mateo, Skyline College and Cañada College.

San Mateo County Community College District issued RFP 87010 for Charter Bus Transportation Services on 12 February 2026. Pronto Corporation submitted a proposal in response and was selected by the District; the award was approved by action of the Board of Trustees on 20 May 2026. The agreement was fully executed on 6 August 2026 and is recorded as Agreement No. 1385852.

The term runs 1 July 2026 through 30 June 2027 and may be renewed, provided the original term plus renewals does not exceed five years.

WHAT THE AGREEMENT COVERS

- Districtwide charter transportation on an as-needed basis
- Athletics, physical education, performing arts, field trips, excursions, community tours and District events
- Single-day, multi-day and overnight trips, inside and outside California
- Vehicles from under 24 passengers up to 57 and above
- Primary pickup at College of San Mateo, Skyline College and Cañada College, and anywhere else the District designates

WHAT PRONTO COMMITTED TO

- All-inclusive pricing — gratuities, fuel, permits, tolls, bridge fees and road usage charges are in the quoted figure, with no surcharge without the District's prior written approval
- Every vehicle ADA compliant to U.S. DOT specification, 49 CFR Parts 37 and 38
- A public address system and a working restroom on request at no additional cost
- Drivers holding a Commercial Class B licence and Charter Bus Driver's Certificate, and CHP-certified SPAB vehicles and SPAB-certificated drivers on any trip carrying minors
- An FMCSA safety rating of "Satisfactory" maintained throughout
- A replacement vehicle dispatched within one hour of a breakdown
- A Section 508 accessibility warranty on the products and services provided

BASED IN THE COUNTY WE SERVE

Pronto operates its own fleet in the San Francisco Bay Area and dispatches from a yard in Millbrae — inside San Mateo County, under thirty minutes from all three colleges. Behind the local fleet sits the affiliate network: **340+ affiliate operators within 25 miles of the District**, 2,000+ across California and 4,794 nationwide. A short-notice athletics trip and a multi-day tour out of state draw on the same contracted service, at the same standard.

INSURANCE AND RISK

The agreement requires commercial general liability and business automobile liability of not less than \$5,000,000 each, with the District, its Board of Trustees, officers, employees and agents named as additional insured and Pronto's coverage primary. Pronto carries \$10,000,000 in automobile and general liability — above the contract minimum — and every trip runs two layers deep: the operating affiliate's policy first, Pronto's behind it.

This District ran a real procurement and asked hard questions. What we agreed to is not a price list — it is a standard of service, and the portal we built for SMCCD is how we intend to hold ourselves to it.
