

21 SEPTEMBER 2026 · PORTAL LAUNCH

SMCCD Mobility Portal and dedicated portals for its three colleges – Powered by Pronto – go live

Staff across College of San Mateo, Cañada College and Skyline College can now request a trip, see the District's contracted price instantly, and confirm against a purchase order without an email thread.

As committed in Pronto Corporation's response to RFP 87010, the San Mateo County Community College District now has its own mobility portal, with a separate portal for each college serving the District's 30,000+ students.

ALL FOUR PORTALS LIVE AT IPRONTO.COM

District /smccd

Cañada College /smccd-campus/canada-college

College of San Mateo /smccd-campus/college-of-san-mateo

Skyline College /smccd-campus/skyline-college

FOR THE PEOPLE WHO BOOK TRIPS

- An instant quote — the District's approved cost schedule is already loaded, so the price appears as the trip is entered
- Request, quote, confirm on a PO: about three minutes, rather than a round of emails and a callback
- Upcoming and past trips, passenger counts, itinerary changes, driver and vehicle details, all in one place
- Live tracking on travel day
- A short guided tour on the first few visits

FOR STUDENTS, AND BUILT TO THE WARRANTY

- Experience Together and Ride Together, with rewards points that build up whether the trip is theirs or their club's
- A paid campus ambassador role, with a sign-up form on every campus portal

FOR BUSINESS SERVICES

- PO-referenced invoices, pulled directly rather than requested
- Trip history and spend by college and in aggregate
- Cancellations and on-time performance
- Up to 1,000 SMCCD user accounts under the platform licence, with a dedicated support line
- Purchase Order discipline unchanged — purchases by PO only, payment by District check, every invoice referencing its PO and routed to the assigned point of contact before Accounts Payable
- Keyboard navigable and screen-reader labelled, honouring reduced-motion settings, per the Section 508 warranty in the agreement

BASED IN THE COUNTY WE SERVE

Trips are fulfilled from Pronto's own Bay Area fleet, dispatched from a yard in Millbrae — inside San Mateo County, under thirty minutes from all three colleges — and from the affiliate network behind it: **340+ affiliate operators within 25 miles of the District**, 2,000+ across California and 4,794 nationwide. Students, faculty, staff and employees can use the same portal for a college trip or for travel of their own, anywhere in the country.

The portal is the part of the agreement nobody asked us to build. We built it because a booking that takes three minutes gets made, and one that takes a week of emails gets made somewhere else.
