

A. CHRISTOPHER BERNARDINI D.D.S.

+718 987 4040 125 Old Town Road - Staten Island, NY 10304 christopherbernardinidds.com

Proper dental care involves several characteristics. For us to provide you with an exceptional quality of care, we would like to know which of the following aspects are more important to you:

- FUNCTIONALITY** ABILITY TO CHEW AND USE YOUR TEETH
- COMFORT** DO NOT WANT TO FEEL PAIN
- COSMETIC** APPEARANCE - THE WAY YOUR TEETH AND SMILE LOOK
- LONGEVITY** KEEP YOUR TEETH FOR THE REST OF YOUR LIFE

When considering having dental treatment done, which of the following factors would be of your concern and in which order if more than one applies:

- FEAR
- TIME
- BUDGET
- NO SENSE OF URGENCY
- NO TRUST

What is the most important quality for you in a relationship with your dentist?

When it comes to a dental treatment, do you prefer general or detailed information?

Do you have any dental concern or urgency at this time?

Thank you. We look forward to exceed your expectations with our services.

Liliana Bernardini
Business Manager
