This Policy will be reviewed on a regular basis in consultation with all MUVC participants including children, young people, parents/carers, committee members and other interested parties.

### 4. DEFINITIONS

- 4.1. **Child and Young Person** means a person under the age of 18 years.
- 4.2. **Child Abuse** includes all forms of physical, emotional, psychological, verbal and/or sexual abuse. Child abuse also includes sexual exploitation, neglect or negligent treatment, grooming, harassing behaviour, bullying or other exploitation of a child or young person and includes any actions that results in actual or potential harm to a child or young person. Child abuse can be a single incident or take place over time.
- 4.3. **Child protection** means any responsibility, measure or activity undertaken to safeguard children from harm.

Family violence includes violence between members of a family, or extended family, or those fulfilling the role of family in a child or young person's life. It can include witnessing violence or the consequences of violence. Exposure to family violence places children and young people at increased risk of injury and harm and has a significant impact on their wellbeing and development.
- 4.5. **Grooming** is a term used to describe what happens when a perpetrator builds a relationship with a child or young person with the intent to abuse or harm them. Perpetrators may also groom parents/carers by forming relationships of trust with parents/carers before harming a child or young person. Grooming can take place over a long period of time before abuse occurs or the abuse can happen relatively quickly. Grooming can take in physical (face-to-face) environments or online.
- 4.6. **Harm** can be any action that may have a significant impact on a child or young person's physical, psychological or emotional wellbeing. Harm can be caused by:
  - Physical, psychological or emotional abuse or neglect;
  - Sexual abuse or exploitation;
  - Family violence;
  - a single act, omission or circumstance; and
  - a series or combination of acts, omissions or circumstances.
- 4.7. **Sexual abuse or exploitation** is any act which exposes a child or young person to or involves them in sexual acts beyond their understanding or contrary to accepted community standards. Sexual offence behaviours can include the fondling of genitals, masturbation, oral sex, vaginal or anal penetration by a penis, finger or any other object, fondling of breasts, grooming, voyeurism, exhibitionism, and exposing the child to or involving the child in pornography. It also includes engaging a child or young person to participate in sexual conversations online.
- 4.8. **Concerns and complaints** include any issue that an adult or peer considers may negatively impact on the safety or wellbeing of a child or young person.

  - 6.1.1. Recruiting people suitable to work and interact with children and young people (e.g. by requiring Working With Children Check or other State equivalent and/or Police checks). No adult will be allowed to work in a child related role at MUVC until a valid Working with Children Check and/or Police Check has been obtained.
- 6.2. MUVC also requires that all committee members hold a valid Working with Children Check.

If a child or young person is not in immediate danger but any person who believes on reasonable grounds that a child or young person is in need of protection from any form of child abuse or harm, may disclose that information to the Police, Child Protection or the Commissioner for Children & Young People.
- 9.5. If a concern or complaint includes an allegation or incident of child abuse or harm, MUVC staff and volunteers must report it in accordance with MUVC's *Grievances and Complaints Policy Procedures*.
- 9.6. Any MUVC staff member, committee member or volunteer who is the subject of a child or young person related concern or complaint may be requested to stand down from their position during an investigation or have their duties altered so they do not engage with children and young people and/or have their access to the MUVC's IT system/database removed.
