

# Kindergarten & PreK 4s Newsletter

September, 2025

Welcome to our class!

Children, get ready for loads of fun and learning every day here at TCNSK. Let's work together to make this an awesome school year!

Parents, We are looking forward to getting to know you better as we spend time with your children.

Mrs. Sharadin, Mrs. Hook & Mrs. C. Volume I

## September

brings with it some great days to be outside when the weather is cooler and the humidity not so high. We'll try to spend time outdoors every day. So, as the weather changes, please make sure you send your child to school with a jacket or sweatshirt to enjoy exploring and playing outside comfortably. Throughout the year you will want to keep a complete seasonal change of clothes on hand here at school.

### Month Summary

This month, along with getting back to the routine of school days, we will listen to music, explore movement, read books together, talk about artists and spend time creating our own works of art. We'll introduce Language Arts, Math & Science too! I also plan to read about and explore the following topics: *Individuality* (all about me), *Friendship*, *Good Manners* and *Apples*.

## What Can this Newsletter Do For You?

It should give you a good picture of the upcoming month at school and remind you of important dates and other relevant information. If information changes after this newsletter has been published you will receive notice of the change in an email.

### Wish List

Under this title you will find a list of items needed for the classroom or an upcoming project that you may supply. You will be notified via email or on the board outside our room when the supply has been met.

### Leader of the Week

During your child's leader week he/she should bring one "show and tell" item to school to share with classmates **one** day during the week. If your child celebrates a birthday that week he may bring an individually wrapped nut free snack for each child to share on his special day. Decorative "birthday" napkins would be fun too if you wish. Please **DO NOT** bring homemade snacks to share at school.

There are many reasons why in school learning is considered important. We are glad that you have decided to trust TCNSK with your young child's education.

### Dates to Remember

9/7

Join us at Trinity  
for Mass at 10 am  
Blessing of Staff

9/15 - 9/19

Sandy Hook  
Promise Week:  
"Start with Hello"
