Ms. Carmella's 3s Classes ~ February 2026

## Look What We're Doing

Will the Groundhog predict early Spring, or will we have more of the cold winter weather? I know many are ready for Spring but **SOME** of us are wanting another nice **BIG** snowstorm, the kids voted for SNOW!

Our new year is off and running and the children have been doing most of the cutting and pasting on their own. The scissors' skills have come a long way but can always benefit from practicing at home.

We will discuss the weather according to Mr. Groundhog, talk about dental health, have an indoor Winter Wonderland, discuss the presidents and make a special Valentine for Mommy and Daddy!

Please write things your child does at home to be helpful and kind on the attached Hearts each week. We will discuss the kind deeds and post them on our class board.

Always CHOOSE KINDNESS.

X O X O X HAVE A HAPPY VALENTINE'S DAY! X O X O X
