As we reflect on 2025, we're proud of a year marked by growth, innovation, and shared success. Thank you to our clients and partners for your trust and collaboration. Wishing you happy holidays and a joyful, prosperous New Year ahead.

### Mistall Occupancy in Concept3D Map

[Fleming College](#) has been recognized by [Concept3D](#) for enhancing its campus map with Mistall Occupancy data, providing real-time insights into parking availability. This innovative integration simplifies navigation and improves daily campus experiences by making occupancy more accessible.

The award highlights Fleming College's commitment to leveraging technology for operational efficiency and user convenience. By combining interactive mapping with dynamic parking data, the campus sets a new standard in accessibility and smart infrastructure, demonstrating how data-driven solutions can enhance campus life.

### Bonus 'Sign' Content

Since we're on the topic of Fleming College, we're excited to share that they are already using our new [mFrame](#) sign functionality. In addition to revolving content, mFrames now supports scheduled future content and includes a built-in tool to convert images for display. Like the image above, which is featured on two 4' x 6' campus signs. Thanks for pushing us, Fleming!

So true!
