- Something Funny

## Bring Your Own Camera

What can we say, Mistall is a little promiscuous. Not only do we like to integrate with all your sources of parking data, we can also integrate with your existing security cameras.

Mistall continues to invest in integrating with additional camera manufacturers like AXIS, Vivotek, Hanwha, Cisco, and Avigilon with our [Lane Counter and Stall Counter](#) solutions.

By using a safe and secure integration approach we can leverage your campus' investment in camera infrastructure, saving significant costs of collecting real-time occupancy data.

## Fall Parking Conferences

The fall parking conference season is jammed packed. We plan in attending these, and some include a presentation. Stay tuned for that and we hope to see you there!

- [NYSTPA](#) (New York State Parking and Transportation Association) October 1-3, Ithaca, NY
- [CPA](#) (Canadian Parking Association) October 5-8, Vancouver, BC
- [CPTA](#) (Campus Parking and Transportation Association) October 14-17, Arlington, TX
