Updated UI/UX with Spooky Dark Mode

Mistall is proud to announce that several October releases culminated in significant new features:

- Major revision and enhancement to roles and privileges
- Revised and streamlined menu system
- Reskinned dashboard using a modern framework
- Improvements to white label features
- Added light and spooky dark-mode options

Stay tuned for November releases focusing on new data analytics and visualizations.

Blogs

Yup, we're blogging now! We'll publish a new [Blog](#) monthly. Here are the first two:

[Avoid the Parking Crunch: How Data Helps Campuses Plan for Peak Times](#)

If you have occupancy-related subject matter you would like us to look at - [let us know](#) and we'll work on it!

Events

Mistall looks forward to seeing our customers and colleagues at industry events in November.

- [CMPA](#) (California Mobility and Parking Association) conference in San Jose, CA (November 3-6)
- [T2 Connect](#) T2 Systems user group conference in Indianapolis, IN (November 17-20)

Where are the keys?
