Payment Policy

To lose someone you love is a devastating human experience. It is frequently traumatic and can seriously affect judgment. We believe in the importance of the recognition and meaningful celebration of a life that has been lived, and will assist in arranging an appropriate service to meet your individual needs. It is also important to be realistic in respect to funeral expenditures. We do not want a family to spend more than they should, nor less than they would like. What is important is that arrangements be in keeping with a family's wishes and budget.

Provisions for payment are due at the time of arrangements.

A discount of 2% of 'Cost of Arrangements Selected' will be allowed with payment in full at the time of service arrangement conference. To avoid any possibility of misunderstanding or embarrassment and for your convenience, we accept the following methods of payment:

Cash – Check – Debit Card
Visa – MasterCard
Insurance Assignment of a verifiable policy
Funded Pre-arrangements

In most areas of the country, no state or local law forces you to purchase a container to surround the casket in the grave; however, many cemeteries require that you have such a container so the grave will not need to be subsequently filled with earth. Either a burial vault or a grave liner will satisfy these requirements. Each cemetery's board determines these requirements.

Warranties: Our funeral home makes no representations or warranties about the protective value of certain caskets or outer burial containers other than those made by the manufacturer. The only warranties, expressed or implied, granted in connection with goods sold with this funeral service are the express written warranties, if any, extended by the manufacturers thereof.
