# WELCOME

I welcome you to *Don't Stop Movin'*, our 2024 show.

As our ELT cast numbers increase again, I'm so grateful to be given the chance to guide these young performing super stars. The energy and eagerness they have brought to the show throughout the rehearsal season has made it a joy to direct/produce.

The creativity from our junior producers has been amazing, they have come up with some awesome concepts. I have really enjoyed their passion for their item and I think you will be impressed with the end result. I also love to watch our cast members grow and become more confident outgoing kids throughout the rehearsal season. A highlight for me this year has been shy cast members from last year, this year jumping forward and excited to be involved, sometimes bursting to tell you all about what they have been up to during our off season.

I would like to acknowledge those who have supported ELT and been of assistance to myself and the production team throughout this season. Thank you to the committee, production team and all the parents and volunteers that have worked diligently behind the scenes. It requires a large passionate group of people to organise such a fast moving show.

I challenge each one of you to enjoy ELT as much as the cast, as they perform the show for you.

# SCOTTY BILDSTIEN AWARD

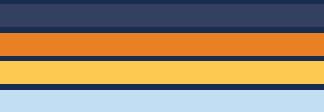

Scott Bildstien was one of the original production team and was a very long term cast member and volunteer for ELT - his spirit and enthusiasm for stagecraft represented everything ELT was all about. Sadly, Scott is no longer with us, but in honour of his contribution to ELT, the committee and production team nominate a current volunteer who has gone above and beyond to make ELT the success it still is today. We are pleased to welcome Scott's family members to present this award each year.

The 2023 "Scotty" was awarded to:

## GEORGIA JUDD

I started ELT in 2018 and have loved every minute of it and the friends I have made along the way. This year I am so happy to have been given the opportunity to create an item to take to the stage called 'Little by little.' This item means a lot to me as it is what so many people have been through in life and is very relevant to today's world. I hope this item touches hearts and helps people to see that bullying is never ok but there is always someone there for you, even when you don't know it.

## ALEISHA HOYLE & KIARA BRUTON

Welcome to Rio is a full dance item featuring the exotic colours and lively music from the original film Rio.

One night we were hanging out and decided to create our own dance to a soundtrack from Rio. We then spent 3–4 hours rehearsing and creating the 1-minute dance that we did over and over again. We found so much joy in choreographing and dancing together that it sparked the concept of making an item with the clipped soundtracks from the movie.

We then brought our idea to the ELT production team, who were quick to get on board. They supported our crazy ideas with costumes and other details, like the elastic band we chose to symbolise the chain bonding the two blue birds together, as seen in the movie. So much work has gone into this item, with hours of choreographing and sound editing, as well as the hours given up by loved ones to hand sew each and every costume, which we feel so much gratitude for.

Without further ado, indulge in the story of the two Blue Macaws with their duet to "Fly Love" alongside the energy of the colourful Rio carnival to the songs "Real in Rio" and "Beautiful Creatures." We truly hope you experience the joy we felt making this item as we welcome you to Rio!

## JACK HOYLE

Hi my name is Jack Hoyle and I am fortunate enough to be a junior producer. I have made many friends and memories in my time in ELT and I hope to enjoy many more. This is my 8th year in the show and this is my second year as a junior producer. I have a passion for sketches and being a JP has helped me increase my knowledge and experience as well as giving other cast members a chance to enjoy acting too. My item is "The Door List" and I hope you will enjoy the show. Remember, Don't Stop Movin'!

# CAST BLURBS

I joined ELT because I knew people who were a part of it, and I enjoy the variety of shows and music. You should come watch ELT because you'll never find a show similar.

## MACKENZIE MARTIN-HOPKINS

Hi, my name is mk. I joined ELT 2yrs ago. I like that you make heaps of new friends, I like singing/dancing & acting. I like that you can learn new skills. My sister encouraged me to join because she's done ELT a lot and we can do it together & it's fun.

## OLIVER HICKMAN

Are you looking for somewhere to meet new friends, learn acting, singing and dancing skills while having lots of fun?

Why not join Electric Light Theatre like me?

Since I joined ELT in 2022 I have become more confident performing on stage in front of an audience.

I have experienced being a performer on stage and I have seen what happens behind the curtain. I have enjoyed the opportunity to be a part of a team of cast members from a range of different ages. Working on this production Don't Stop Movin' has been a blast. I hope you enjoy the show!

## NIKKEA COOK

Hey I'm Nikkea! I joined ELT because I wanted to expand my skills and I'm so happy I did because I have met some of the kindest people! ELT is such a wonderful opportunity for young kids and they're so welcoming here so come along and join the fun!!!

# THANK YOU

On behalf of the committee, production team, cast members and volunteers, I'd like to welcome you to this year's show, *Don't Stop Movin'*. We hope you love the show as much as we do! The 2023/24 cast are talented, passionate and dedicated – the results of their hard work are evident in the show.

Watching the growth of cast both in performance and personal skills has been immensely rewarding. I'm proud of the work cast members have put into the show, but I've also loved watching cast make friends, develop the qualities of leadership, problem-solving, teamwork, and self-confidence. These qualities are important in all aspects of life.

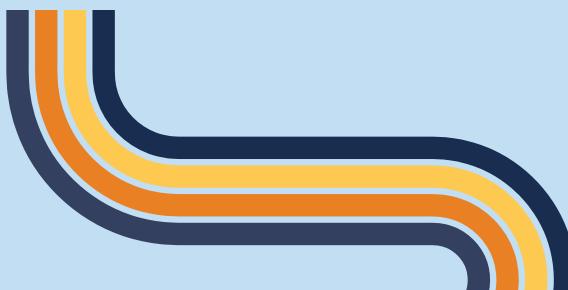

I cannot thank our volunteers enough for the time they have taken assisting to bring this show to the stage. It takes a huge amount of time, work and effort to put an ELT show together, and even the smallest contribution of time from parents, grandparents, carers, friends and past cast members is greatly appreciated. I particularly want to thank the committee and production team members who have worked hard to ensure the smooth running of ELT through the 2023/24 season. Congratulations to Shay and team for all your work in producing a show high on energy, creativity and colour.

I'm also incredibly thankful to our sponsors, and in-kind supporters! Your support is invaluable in keeping ELT running.

To the cast of ELT 2023/24 – we hope you have the time of your lives up on stage! Each and every one of you should be proud of your achievements! We hope you leave the season on a high and with many happy memories... and we look forward to seeing you back for season 2024/25, to be part of our 40th year celebration show.

Last, but never least – huge thanks to our wonderful audience members. Your support keeps ELT alive. We sincerely hope you enjoy the show.

# WE STILL LIKE YOU

(ELT FINALE SONG)

We'd like to tell you a story  
From those who are seen and not heard  
We are the kids from Electric Light Theatre  
Listen to the words

We're starting up a petition,  
We want the oldies to know,  
It's about time they ran the intermission  
Let us run the show

They tell us there's no need to worry,  
No need to panic it's true  
Because in twenty years  
we'll all be just as mad as you!

Now we have got your attention,  
The oldies should give us our due  
Don't do as I do is all they tell us,  
But we still like you

Don't turn your back on the audience,  
Smile even though you feel blue,  
Now is the time for us all to leave you,  
But we still like you

They tell us there's no need to worry,  
No need to panic it's true  
Because in twenty years  
we'll all be just as mad as you!

Ours is a really bright stage show  
It's a thrill to perform it for you  
And we find the friendships  
We've made in this show  
Will last through and through

We hope you liked our performance,  
And tell all your friends to come too.  
'Cause without you it wouldn't be quite  
The same thing,  
and we still like you.

They tell us there's no need to worry,  
No need to panic it's true  
Because in twenty years  
we'll all be just as mad as you!

Our Leaders kindly inform us,  
Without them we'd be in a stew  
Well, if they believe that,  
they're mad as hatters,  
But we still like you.

We know our excellent leaders,  
Explain every sketch right on cue,  
We listen politely, then do our own thing  
But we still like you.

We listen politely,  
then do our own thing,  
But we still like you!
