Summer Day Camp - 2024

The Beddow School will offer three summer camp sessions for Primary and Elementary students. We give preference to our current students; however, we will also accept outside applicants if space is available.

Our Summer Camp is relaxing and fun—a chance for children to spend many wonderful hours learning, exploring, and enjoying art and nature. Children will continue their Montessori education to keep their reading and math skills sharp, while having the opportunity to have fun with science and engineering, gardening, ceramics, field trips, and spending time unplugged.
