**MICROCHIPPING  
FOR ALL EQUINES  
IN ENGLAND, WALES, AND SCOTLAND  
(HORSES, PONIES AND DONKEYS)  
WILL BE MANDATORY  
FROM THE  
1ST OF OCTOBER, 2020\***

This is a reminder to all Members and Non-members that the Equine Identification Regulations make it a legal requirement for all horses in England, Wales and Scotland to be identified. Since 30th June 2009 all newly passported equines have had the requirement to be microchipped, but from 1st October, 2020\*, ALL equines, regardless of their age or when their passport was first issued, will need to be retrospectively microchipped by a Vet.

Failure to microchip your horse may result in sanctions such as a fixed penalty notice. An owner may be fined up to £5000 for failing to identify a horse in line with current legislation.

The new law is to enable local authorities and police to track down the owners of any horse and has been brought into effect for welfare reasons.

The Central Equine Database have the records of all equines and their microchip numbers. Any new microchips will need to be recorded against the passport of the equine database via the organisation that issued the original passport. You can check your equine's chip once this has been done at this site [www.equineregister.co.uk](http://www.equineregister.co.uk) by typing in the microchip number on the passport.

The Cleveland Bay Horse Society provide for the addition of a microchip via this form.

The fee payable to the CBHS can be found on the website - please visit the website for an up-to-date list of fees - and must accompany the forms completed by you, and your Vet. You will receive confirmation from the CBHS that the microchip addition has been uploaded to the Central Equine Database.

If you have any queries regarding this, or if you need a supply of the form below, please email [clevelandbayoffice@gmail.com](mailto:clevelandbayoffice@gmail.com) or telephone 07895 535147. Alternatively contact any member of Council for assistance.

*\*Wales-12/2/21      Scotland-28/3/21*

## PASSPORT UPDATE –MICROCHIP DETAILS

If you are the owner of a horse that has a passport issued by the Cleveland Bay Horse Society and you now need to add microchip details to that passport, please complete this form with your details in full. Then, either ask your Vet to complete the form overleaf or alternatively, request your Vet to supply a document to the CBHS which includes the details of the horse, microchip location, and microchip number, and confirmation that the horse matches the description on the passport.

**If you are the owner please complete the section below**

Name of Horse	
Passport No	
Name of Owner	
Address	
Email	
Telephone No	

Please complete and return this form, and either the veterinary completed form overleaf or the document provided by your Vet, together with the fee (please visit the website for an up-to-date list of fees) to the Cleveland Bay Horse Society, Bents Farm, Braithwaite, Summerbridge, Harrogate, HG3 4AN.

The CBHS will then update the passport details on the Central Equine Database, and email a confirmation to you.

**Please DO NOT SEND THE PASSPORT TO THE CBHS OFFICE**

**Please DO ENSURE that your Vet has added the microchip details to the passport**

## TO BE COMPLETED BY YOUR VET

I confirm I have inserted a microchip in to the horse detailed below.

I confirm I have cross-checked that the description of the horse presented matches that of the horse on the passport number detailed below.

I have indicated the location of the microchip with an "X" on the chart below, and the microchip number is as follows:

INSERT CHIP NUMBER HERE
-------------------------

Name of Horse (as on passport entry)	
Passport No.
