Kattsafe Certified Installer – Installation Certification

Dear Andy Cotterman,

This letter confirms that Cotterman & Company Incorporated is officially recognized as a Kattsafe competent installer. This Kattsafe endorsement has been granted based on demonstrated competency, product knowledge, and a proven commitment to safety and quality installation standards across multiple Kattsafe systems as manufactured and supplied by Kattsafe USA.

The following Kattsafe systems are included in this certification:

- Fixed Ladders
- Roof Access Hatches
- Stair and Platform Systems
- Crossovers
- Modular Ramps
- Walkways
- Guardrails
- Warning Lines

As a Kattsafe Certified Installer, your organization is authorized to install, and service these systems in accordance with Kattsafe guidelines, safety practices, and product specifications. This certification signifies trusted capability and adherence to the highest industry standards for rooftop and height safety solutions.

We appreciate your continued partnership and your commitment to providing safe, reliable, and high-quality installations.

Best Regards,

Kattsafe Height access
and fall protection

Phil Wootten

Projects & Services Manager
