HANNA**

PROPERTY MANAGEMENT

JENNIFER ACKLIN

All about Jennifer...I love to be outside. I crave digging in my garden, pruning my plants, and playing at the park with my grand baby! My loved ones are my number one priority!

I have the most amazing grandson ever and 3 of the best dogs you could ever ask for. My life is full with people I love and who love me as well a career that I was made for. Property management is my niche, I tried to do something else but I was so bored! I need the fast moving, always busy kind of career and property management fulfills those thrills I like!

The first 5 years of my real estate career I sold waterfront homes in SW Florida! I moved back to Ohio in 2012 and decided to enter property management department. It fits me!

I will always do this career and I truly enjoy doing it with my Howard Hanna Team!
