

Machinist

Full-Time / Part-Time / Retirees Welcomed

Crane Technologies is searching for an experienced and dedicated Manual Lathe Machinist. This position can be a long-term (full-time) opportunity with a growing, family-oriented company. We are looking to fill one full time position along with a part-time position. Retirees are welcomed, and hours would be flexible for the right individual.

Daily Responsibilities would include running the following machines:

- Engine lathe
- Boring mill
- Gear hobber
- Keyslotter
- Drill presses, grinders, and related machinist equipment

Key Attributes:

- Enjoy being part of a team
- Own your own basic machining tools, familiar with standard shop equipment
- Must be able to work independently, efficiently and unsupervised
- Must be able to pass a DOT physical and drug screen
- Must be able to handle a variety of tasks and assignments simultaneously
- Service oriented, well organized and friendly

This is for a full-time position (40 hrs per week) and a part-time position (for the right individual). Scheduled work days are Monday thru Friday, 7:00 am to 3:30 pm. There are regular opportunities for overtime. Benefits include health insurance plan and a 401(k) plan with company match.

Crane Technologies values long-term employees. We are looking to hire honest, hard-working employees who can expect to be compensated according to their results.

Please reply to this ad and attach your full resume with pay expectations.
