

Welder / Fabricator

Crane Technologies is searching for an experienced and dedicated Welder/Fabricator. This position is a long-term opportunity with a growing, family-oriented company. We are looking to fill at least one full-time and one part-time position, for the right individual.

Daily Responsibilities would include the following:

- General layout and steel fabrication
- Horizontal saw and crane operation
- Iron worker, steel detailing
- Loading and unloading of trucks, fork truck operation
- Drill presses, grinders, and other fabrication equipment

Key Attributes:

- Enjoy being part of a team
- Own your own basic fabrication tools, familiar with standard shop equipment
- Must be able to work independently, efficiently, and unsupervised
- Must be able to pass a DOT physical and drug screen
- Must be able to handle a variety of tasks and assignments simultaneously
- Service oriented, well organized, and friendly

This is for a full-time position (40 hrs per week) and a part-time position (for the right individual). Scheduled work days are Monday thru Friday, 7:00 am to 3:30 pm. There are regular opportunities for overtime. Benefits include health insurance plan and a 401(k) plan with company match.

Crane Technologies values long-term employees. We are looking to hire honest, hard-working employees who can expect to be compensated according to their results.

Please reply to this ad and attach your full resume with pay expectations.
