

Tectonic Financial Has Acquired Integra Funding Solutions

DALLAS, Texas, July 1, 2021 - Tectonic Financial, Inc. (Nasdaq: TECTP), a technology-focused financial holding company, today announced the closing of the acquisition of Integra Funding Solutions, LLC ("Integra"), a factoring company providing financing to transportation companies across the United States, in a cash and common stock transaction. With sophisticated underwriting and systems, as well as superior customer service, Integra has grown rapidly while maintaining credit losses below industry norms. Integra's technology platform, quick response time and highly regarded client experience have been key to its growth.

As a part of the transaction, Tracy A. Bolt, Co-Founder and Manager of Integra, and Randall W. Woods, Co-Founder and President of Integra, will become significant shareholders of Tectonic Financial. In addition, Mr. Woods will serve as Chief Executive Officer of the Integra division within T Bank, N.A., Tectonic Financial's wholly-owned banking subsidiary, providing continued leadership to Integra's dedicated team.

The Integra acquisition provides T Bank an additional small business vertical to which it can offer its range of financial services to transportation and energy companies. Furthermore, it will help Tectonic Financial sustain its high return on equity and return on assets profile, while maintaining its overall attractive credit metrics. Tectonic Financial believes that the Integra acquisition will be accretive to earnings in both 2021 and 2022.

"We are thrilled to add a factoring vertical within our company and the sophistication of Integra fits nicely into our tech-forward platform," said Patrick Howard, President and Chief Operating Officer of Tectonic Financial. "More importantly, we are excited to welcome Tracy Bolt and Randy Woods as shareholders of Tectonic Financial. I look forward to working with Randy to grow our combined organization."

Mr. Woods commented, "I am excited about Integra's growth prospects within the Tectonic organization – and working with Pat to grow the overall business. It is particularly pleasing to join an organization that shares the same commitment to customer service, organizational excellence and advanced technology, all with the end goal of enhancing operations and the overall customer experience. That has served us well in the past, and, I believe, will fuel our continued growth."
