SPRING PIKE ACTION

26 April - 15 May · 5 – 7 days · From 2 persons · Child are 7+

The two weeks when Finnish pike are hungry, shallow, and impossible to miss - even for a child holding a rod for the first time.

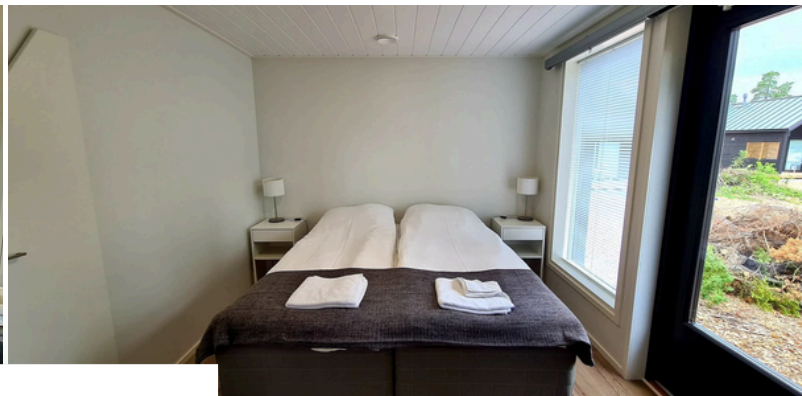

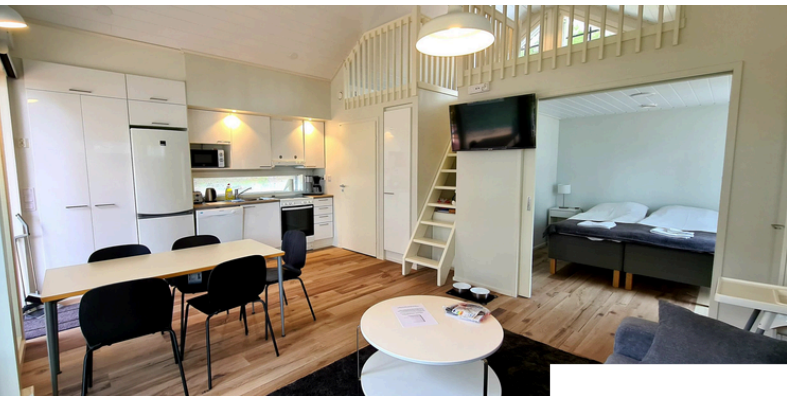

Right after the spawn, pike gather in dense schools along the reed edges - aggressive, predictable, and close to shore. You don't search for them. You work the reeds methodically and they come to you. This window lasts exactly 2-3 weeks before the water warms and the fish disappear into the depths until autumn.

WHY THIS IS PERFECT FOR KIDS

- Constant action - pike are aggressive and strike hard. No boring waiting.
- Shallow reed fishing = simple technique. No deep water, no complex rigs, no experience needed.
- The fish are visible and close - you will see the pike come out of the reeds before it hits the lure.

HOW IT WORKS

- We meet, walk you through the best fishing spots, show you how to fish the reeds and operate the boat. You leave knowing where to go and what to do.
- Choice of location: Several places available depending on availability.

WHAT'S INCLUDED

- ✓ Accommodation
- ✓ Modern fishing boat + full gear
- ✓ Fishing licence
- ✓ Pre-scouted locations
- ✓ Boat handling briefing
- ✓ Spot maps + technique guide

6 Nights / 5 fishing days

2-person group

SUMMER MULTI-WATER FISHING

June - September · 5 – 7 days · From 2 persons · Child are 7+

Two lakes, a river, and a trout pond - all within the same compact area. Father and son can fish differently, at their own pace, for as many days as they want.

This is the most versatile trip in our Dad & Son catalogue. If the son wants guaranteed action on the trout pond, he gets it. If the father wants to hunt zander or pike, he can. The whole fishing area spans 18–20 km, takes 2 hours to drive end to end, and sits 150 km from Helsinki.

THE FISHING AREA

- **Lakes:** Arrajärvi & Kettujärvi. Depth 4–10 m. Pike, perch, zander, lake trout, roach, bream, ide.
- **River:** Kymijoki incl. Isokäyrä special zone. Depth 5–20 m · Pike, zander, asp, perch · Faster current - trout.
- **Trout pond** Onnen Virta. Stocked rainbow trout. Shore fishing.

CHOOSE YOUR FORMAT

- **Independent:** Boat, maps, spot briefing. You fish at your own rhythm across all four waters - total freedom.
- **With guide:** A local expert joins you for a half or full day, shows you technique, puts you on fish faster.
- **Trout pond session:** Shore fishing at Onnen Virta. Stocked, simple, effective.

WHAT'S INCLUDED

- ✓ Accommodation
- ✓ Modern fishing boat + full gear
- ✓ Fishing licence
- ✓ Pre-scouted locations
- ✓ Boat handling briefing
- ✓ Spot maps + technique guide

7 Nights / 6 fishing days

2-person group

~ **€1180 / person***

7 Nights / 6 fishing days

4-person group

~ **€890 / person***

Several accommodation options available depending on availability.

Fishing guide (optional add-on)

BEYOND FISHING

Hiking & biking trails, a local winery, and a farmers' market are nearby - easy to fill a rest day or bring a partner who doesn't fish.

*The price is indicative. Rates vary depending on the rental period, seasonality, booking time and number of guests. The final price is calculated at the time of inquiry based on the specific request.

LIVESCOPE DEEP HUNT

May - October · 5 – 7 days · From 2 persons · Child are 9+

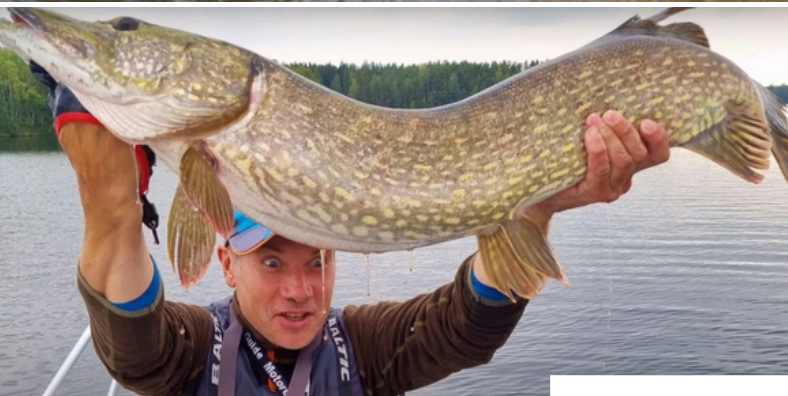

If your son plays video games, he'll understand this immediately - you can see the fish on screen in real time and guide the lure directly to them. It's not fishing by feel. It's fishing with data.

By late June, the big pike and zander have left the shallows and settled into deep structure. You can't find them by guessing. But with Garmin Panoptix LiveScope, you see them live - their position, depth, reaction to the lure. You watch the fish turn, follow, and strike. Everything happens on screen before it happens on the rod.

WHY KIDS WHO PLAY GAMES GET THIS FASTER

- LiveScope shows fish as moving objects on a display. Spatial thinking and screen literacy kick in immediately.
- The feedback loop is instant - you see the fish react to the lure in real time. No waiting, no guessing.
- There's a real skill progression - reading the sonar, positioning the boat, controlling the lure. Kids genuinely engaging.
- You don't need LiveScope experience to book this trip. The training is for both of you. Most fathers who try it say they wish they'd discovered sonar fishing 10 years earlier.

WHAT'S INCLUDED

- ✓ Accommodation
- ✓ Fishing boat with Garmin LiveScope
- ✓ Fishing licence
- ✓ Rods, lures & full tackle
- ✓ Boat handling briefing
- ✓ Pre-selected lake & structures
- ✓ 3-5 hrs with LiveScope specialist
- ✓ Independent session after

6 Nights / 5 fishing days
2-person group

~ **€1450 / person***

6 Nights / 5 fishing days
4-person group

~ **€1150 / person***

HOW IT WORKS

- Our LiveScope specialist walks you through the system - how to read the display, what to look for, how to position the boat over structure.
- On-water training - 2 to 4 hours. Father and son both take the rod.
- The rest of the trip - fully independent on your own schedule using everything you learned.

*The price is indicative. Rates vary depending on the rental period, seasonality, booking time and number of guests. The final price is calculated at the time of inquiry based on the specific request.

CUSTOM FISHING DESIGNED AROUND YOU

We create **fully personalized fishing holidays in Finland**, tailored to your season, trip length, experience level, and goals.

We select the best waters and formats for maximum results and comfort.

Available themes:

WHO WE ARE

Suomi Holiday OY was founded in Finland in 2009. We began with cottage rentals across the country, working closely with accommodation providers. Over the years, we have explored Finland extensively, gaining deep local knowledge of its nature and waters.

Fishing in Finland

In 2019, responding to requests from our guests, we launched our Fishing in Finland project.

Yulia completed professional fishing guide training in Parainen, while **Igor** explores Finnish waters, develops fishing routes, and helps anglers choose the best destinations based on their goals and experience.

Equipment & Organisation

We operate a fleet of fully equipped **fishing boats** delivered directly to your accommodation. We also provide **fishing gear rental** and, together with accommodation owners, organize dedicated **fishing camps** for private guests, groups, families, and fishing clubs.

Pricing*

Prices in this catalogue are indicative. The final cost is calculated individually depending on group size, season, length of stay, and selected services. The more people in a group, the lower the price per person.

We create well-planned, personalised fishing experiences across Finland tailored to your needs and expectations.
