What's your story?

"[She] makes me feel safer when I get out. I used to walk our street for exercise by myself and now I walk with my husband, and I think I can do it by myself again with her. I feel like I can maneuver around in crowded places and won't be running into people or hitting them with my cane."

"The whole class eliminated a lot of the questions I had about difficulties I might run into and finding ways I can deal with my loss of sight."

Michael G., Orientation & Mobility client

"The Leader Dog Teen Summer Camp was a place where I felt like I could be myself and also blind, where all of my peers were all normal kids like me."
