*“They stand behind their work 100 percent. They put twice as many roofing nails in each shingle than all the rest of the roofing people. Our heating and AC bills have improved because of the new roof. It was sprinkling rain at one point and the workers covered the roof to keep it from getting wet. Not even one nail left after job was completed and no damage to our yard.”*

*“I would highly recommend P.I. Roofing to anyone with any type of roofing needs. Their crew worked into the evening until it was dark and came back the next morning to finish the work. They also cleaned up all the debris and used a magnet to sweep for nails several times. Thank you P.I. Roofing!”*
