FINANCIAL POLICY AND OFFICE POLICIES

FINANCIAL POLICY

We are proud to be part of a team whose primary mission is to deliver the finest and most comprehensive dental care available today. In addition, we are also dedicated to making top-quality care as cost-effective as possible. To assist you with your healthcare investment, we provide the following payment options:

1. Cash – includes money orders and personal checks
2. Credit Card / Debit Card – we accept all major credit cards as payment for your treatment
3. CareCredit – the financing plan we offer as a separate line of credit to cover you and your family members' healthcare needs. Ask for more details if interested.

Patients who are not covered by insurance are expected to pay with cash, credit card, or use your CareCredit account the day the service is rendered.

For patients that are covered by insurance, we will honor the assignment of benefits. This means that the insurance company will pay their portion to our dental office. Most dental insurance plans do not cover 100% of the cost of treatment. Because of this, and the extreme delay in receiving payment from the insurance company, you will be asked to pay your deductible and your portion of the charges the day the service is rendered. **We will estimate your coverage as closely as possible, but until we actually receive the payment from the insurance company, it is just an estimate.** The staff will assist you in dealing with your insurance company, but the ultimate responsibility lies with you. If the insurance company does not cover the estimated amount in full, you will receive a statement in the mail and you will be responsible for the remaining account balance. After 60 days, the balance will be due in full from you.

I have read and understand the Financial Policy.
